

## **Begonia Bossa Nova - Night Fever Papaya**

***New for 2019 season for pot, patio containers and baskets!***

Begonia boliviensis Interspecific

Begonia *Bossa Nova* 'Night Fever Papaya' brings those hot tropical glowing vibes to your garden or patio. This latest addition to the successful Bossa Nova series displays a multitude of cascading, light orange flowers that contrast strikingly with the dark bronze foliage. Its dense, basal branching ensures multiple branches on a very sturdy plant, making for abundantly filled hanging baskets and containers that flower until the first frost.

B. Night fever Papaya.
